
Four easy ways to report a side effect

If you want to report a side effect, you can choose between four easy ways. The report is always sent to the European database of suspected adverse drug reaction reports. Manufacturers and authorities use this database to make the use of medicines even more safe.

or

or

or

Ask your doctor to report the side effect

Ask your pharmacist to report the side effect

Report the side effect directly to the competent authorities:
nebenwirkungen.pei.de/nw/EN

Report the side effect to the manufacturer (check patient information leaflet for telephone number)

EU database of suspected adverse drug reaction reports
